Eric, Chip, Katherine, Ben, Nancy, John,

Please see below and attached materials for your review from Elizabeth Appy.

Please note that the next meeting is tentatively scheduled for the afternoon of Wednesday, July 28th. I will send an email shortly confirming whether or not this date will work.

Please let us know if you have any questions.

Thank you,
Jen Woronets ☺

Subject: RE: Prep for next FS matrix meeting

Hi Rob,

Thanks for your patience. As we discussed during our last meeting on June 22nd, attached are the following items for consideration prior to our next meeting (yet to be scheduled):

- List of technical issues to go along with the habitat value table. This is the list we agreed to provide to help focus the review of the proposed habitat value table updates.
- LWG-updated habitat values. This is the table that we handed out at the meeting that incorporates ranges for key habitat categories.
- Mitigation framework. This is the matrix that was also handed out at the meeting. There are no values calculated in the matrix due to the proposal to use ranges and the resulting complexity of showing all possible combinations.

Elizabeth

Hey Tom and Elisabeth,

Hope you're well. We're wondering about the materials LWG developed for our last our last meeting (with the adjusted values, etc.). I believe they were going to be distributed to us so that we could consider them a bit more closely prior to our next meeting. Am I correct? An update would be appreciated. Assuming we'll see you next week.

R
